### Police continue investigation into murder, possible arson

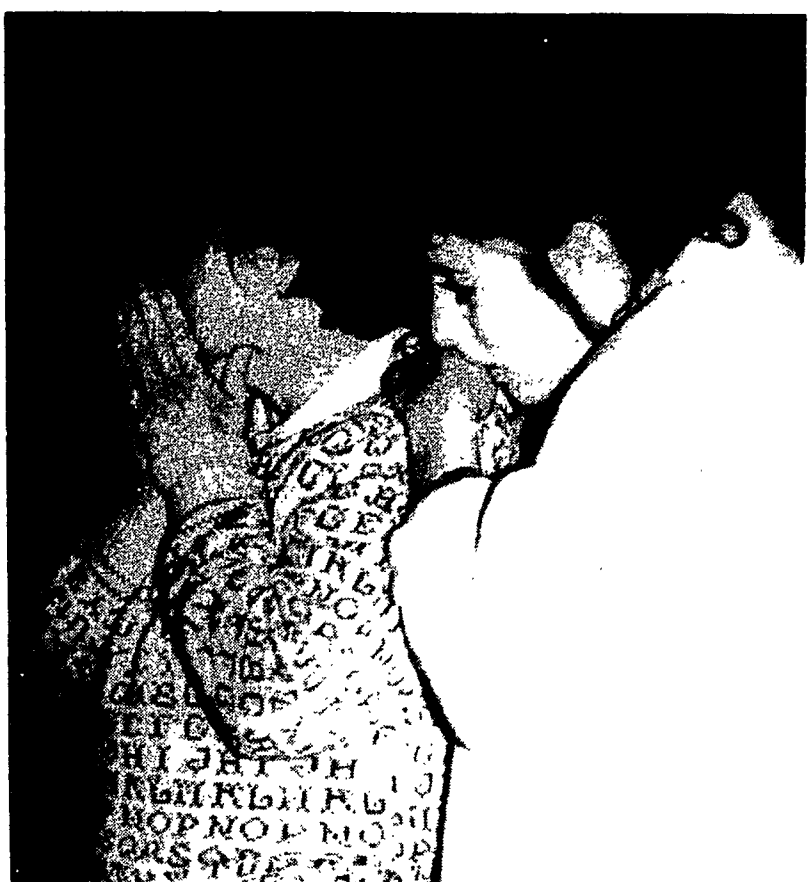

**By ELLIS CUEVAS**  
An investigation continues in the Christmas murder of a Bay St. Louis resident and probable arson to his residence.  
Bay St. Louis Chief of Police Ray Murphy on Saturday said, "No leads have been found in the Christmas murder of Frank Lombardo Jr., 38, 114 McDonald Lane."  
Neighbors of Lombardo summoned the fire department when they saw flames in his residence about 6:23 p.m., Fire Chief Andrew Lizana reported.  
Lombardo's body was found inside the McDonald Lane residence by firefighters after they extinguished the blaze.  
Hancock County Coroner Harold Stiglet said an autopsy was performed by Dr. Thomas Bennett, state medical examiner in Jackson, who called him Thursday afternoon saying two bullet wounds, one to the top

of the head and the other to the chest, were found.  
Bennett estimated time of death at about 2 a.m. Christmas Day, Stiglet added.  
"Lombardo was last reported seen by his family members between 11:30 p.m. and midnight on Christmas Eve," Stiglet said.  
Lizana reported that when he, Lt. Alphonse Sheppard and Firefighter Anthony Alexis arrived at the scene, flames were coming out of the windows, front door and gable end of the roof of the structure.  
The origin of the fire is still being investigated and State Fire Marshall Norman Cowart, who was called to the scene, is scheduled to return on Monday, Lizana stated Saturday.  
Murphy said, "At first the incident just involved a house fire, and now we have a homicide and a possible arson."

Samples from the burned structure have been forwarded to the Mississippi Gulf Coast Crime Lab and officials are awaiting a report on their findings, Lizana stated.  
Heavy damage was caused by the fire to the living room and front of the house, with smoke damage to other parts of the house, Lizana allowed.  
Funeral services were held Saturday for Lombardo with burial in the Lakeshore Cemetery.  
Sheriff Ronald Peterson said the last time a similar incident happened in Hancock County was at Kiln in April, 1978.  
The investigation is being handled by the Bay St. Louis Police department, assisted by the Hancock County Sheriff's Department, Coroner's office, Bay Fire Department, State Fire Marshall's office, and Mickey Ladner, Mississippi Highway Patrol investigator.

### Longo says new look due for 1986 Waveland

**BY DENA BISNETTE**  
Paved streets are among the first items on the agenda for the City of Waveland in 1986.  
Also included are a new police station, beach improvements, extensions of the city's water and sewerage systems, redistricting and a city election.  
"The biggest plans we have for the coming year concern touching up our streets and paving some that have never been paved," said Mayor John Longo Jr.  
"Our goal is to have every street in the city paved."  
Streets currently not paved that are to be part of the project include Payard, Hope, Faith, St. Anthony and Lizana.  
"We hope to finish during the first quarter of 1986. We're planning to spend about \$200,000," he added.  
Necaise Construction has the contract for the project.  
The paving also includes about \$20,000 in patching work on Beach Boulevard inside the city limits. The cost of the patching will be repaid to the city by the county after tax collections begin in January.  
In addition to assisting the county with Beach Boulevard, Waveland plans a program of beachfront improvements next year that will begin with the installation of sodium vapor lights along the beachfront within the city's corporate limits.  
Longo said the new lights will not only cover more of the beachfront than the present lights, but are three times brighter than those already being used.  
He also said the city plans to install several parking bays at the most heavily used sections of beach.  
"This will be the start of a long-range project that will include replacing the concrete seawall that existed prior to 1965. We want to put in the same type of seawall being used in Cedar Point because it can be used as both a breakwater and a recreational facility."  
Also in 1986, Longo hopes to obtain about \$900,000 in Community Development Block Grant funds for continued expansion of the city's sewerage and water systems into all parts of Waveland, including those on the north side of US-90.  
A main sewerage line is presently

the U.S. Department of Justice.  
If the plan, which is designed to equalize the proportion of voters in the four wards, is approved, Waveland residents will vote according to the new ward boundaries on Nov. 4 for mayor and four aldermen.  
Major steps for Waveland during 1985, according to Longo, included:  
Completion of the clean-up of more than 100,000 yards of debris and repairs after Hurricanes Elena and Juan without raising taxes to pay for it as other cities on the Gulf Coast did.  
Renovation and reopening of the Waveland Civic Center.

### Hunter finds kilo of cocaine near Heron Bay

**By ELLIS CUEVAS**  
A kilogram or 2.2 pounds of a substance believed to be cocaine was found by a hunter in the marsh near Heron Bay on Thursday.  
Hancock County Investigator Alvin Ladner said, "A field test shows the substance wrapped in a water tight package and weighing one kilo as being cocaine. It has been sent to the Mississippi Crime Lab for a complete analysis."  
The package was found by C.B. Mollere of Waveland, who notified Hancock County Sheriff David Garcia, Sheriff Ronnie Peterson stated.  
The sheriff said the package may be worth between \$250,000 and \$500,000, as it is believed to be 85 to 95 percent pure cocaine.  
"In talking to the Mississippi Bureau of Narcotics, we learned a similar package was found recently in another Coastal county, and it was 95 percent pure with an estimated worth of \$500,000," Peterson added.  
"The origin of the package which was brick shaped and wrapped in heavy plastic is unknown, apparently washed up in the marsh," Peterson said.  
The case is being investigated by Ladner.

### Civic associations to request meeting on water system woes

**BY DENA BISNETTE**  
Four civic associations, three from Hancock County and one from West Harrison County, have organized to protest the conditions of several water systems owned by Johnson Utilities.  
The four associations include Clermont Harbor Civic Association, Henderson Point-Pass Christian Isles Civic Association, Jourdan River Shores Property Owners Association and Gulf Park Estates Civic Association.  
According to Clermont Harbor Civic Association Spokesperson Mary Caillier, the four associations have requested a meeting with the state's three-member Public Service Commission in Jackson.  
Caillier said the meeting would be for informational purposes only and will not be a public hearing, although a public hearing could be requested later.  
A date for the meeting has not yet been set, she said Friday.  
All four of the areas served by the associations are on water systems owned by Johnson Utilities, a Vicksburg-based firm.  
The four associations want assistance from the commission because they feel the water systems are in poor condition and service is inadequate, she said.  
"This is a continuation of Clermont Harbor's confrontation last

year with Johnson Utilities and our efforts to obtain a better system and purer water," Caillier stated.  
"We feel the money they got in last February's rate hike has not been used to improve the waterworks. The system in Clermont Harbor shows no improvement at all except that the tanks have been painted and a fence put around them."  
The rate hike for the Clermont Harbor system was granted March 1 after a Jan. 29 public hearing.  
The commission stipulated that the additional revenues be used to improve the system, which Clermont Harbor residents complained

## Legal assistance line day moved back

Since the first Wednesday in  
 January is a holiday, Legal Line will  
 be held on Wednesday, Jan. 8, be-  
 tween 6 and 8 p.m.

A staff of volunteer attorneys will  
 be available to answer legal ques-  
 tions from the general public at  
 1-374-4160, which is a toll-free  
 number within the six southern  
 counties of Mississippi and  
 TTY/TDD-equipped for the deaf.  
 Although the number is toll-free,  
 those calls made from a pay  
 telephone are not and must be made  
 collect.

This service is sponsored by the  
 Harrison County Young Lawyers,  
 the Southern Mississippi Planning

and Development District's Area  
 Agency on Aging, and South  
 Mississippi Legal Services Corpora-  
 tion.

"Legal Line" offers the public an  
 opportunity to call for legal infor-  
 mation and referral services for a  
 specific problem.

This service is especially intended  
 for elderly, the handicapped, and  
 low-income individuals who may not  
 have access to an attorney or who  
 may not know whether their prob-  
 lem requires the assistance of one.

However, everyone with a ques-  
 tion about the law is encouraged to  
 call.

## Sea Grant programs funded

A grant of \$975,000 has been ap-  
 proved for continuing marine  
 research programs serving  
 Mississippi and Alabama, Senator  
 Thad Cochran (R-Miss.) said.

Senator Cochran said the National  
 Oceanographic and Atmospheric  
 Administration (NOAA) has approv-

ed the funding for the Mississippi-  
 Alabama Sea Grant Consortium  
 headquartered at Ocean Springs.

The agency said the funding would  
 help continue nine research projects  
 the consortium is conducting to  
 serve the marine industries in the  
 two Gulf Coast states.

## Federal benefits may effect food stamp recipients

Food stamp benefits may change  
 for households whose members  
 receive Social Security and/or Su-  
 pplemental Security Income because  
 of a 3.1 percent cost-of-living in-  
 crease which will be reflected in the  
 checks issued by the Social Security  
 Administration in January.

County food stamp staff will be  
 reviewing the food stamp cases of all  
 Social Security and SSI recipients.

Anytime there is a change in the  
 recipient's income, it can affect  
 eligibility or benefit level.

All food stamp households will be  
 informed of the possibility of a  
 change in their food stamp benefits  
 at the time they receive their  
 January allotments. Food stamp  
 recipients may contact their worker  
 if they have any questions concern-  
 ing the review.

Smoking Resolution  
for New Year

Ready to make your New Year's resolutions? The Mississippi Lung Association has some "life and breath-saving" advice.

You are beginning a brand new year. Why not give yourself a gift...a promise for better health by quitting smoking. Be your own best friend and get control of your life and breath.

New Year is the perfect time to do something nice for yourself, your family and everyone around you. In fact, you might start early, and put an "I Kicked the Cigarette Habit" announcement under the Christmas tree. Then, wait for the applause.

If your wife, husband, children, relatives, friends or neighbors smoke too, why not make a New Year's pact to quit together? In a season of joy and good will, why not share your good "will-power"?

According to recent polls, nine out of ten smokers say they want to quit and view their personal smoking habit in negative terms. If you want to quit, you will.

It is easier to win the battle if you fully recognize the enemy...and cigarette smoking is public health enemy number one.

Smoking is the single largest preventable cause of death in America.

Every year, 340,000 Americans die prematurely from diseases caused by cigarette smoking.

You only last as long as your lungs do...so take care of your lungs...they're only human.

And, give yourself a chance for better lung health... "kick the cigarette habit"...make a 1986 New Year's resolution to quit smoking.

Healthy lungs are for a life-time, so contact the Mississippi Lung Association today for help with your life and breath-saving" resolution.

For more information and a copy of the MLA self-help booklet, "Freedom from Smoking in Twenty Days," write the Christmas Seal People at P.O. Box 9865, Jackson, MS 39206 or telephone 362-5453.

A Weekly Editorial  
From Mississippi Economic Council

**NEW YEAR'S RESOLUTIONS**  
Comes the new year and the Legislature is only a few days behind.

This seems to be a good time, then, to suggest a few resolutions for the boys and girls who'll be occupying the capitol for the next ninety days.

Resolution 1: No more taxes. Tax increases of \$235 million over the past four years are about as much as Mississippi taxpayers can stand.

Resolution 2: Reduce the size of state government. We have more government than we need and Mississippi state Government, based on population, is among the largest in the nation.

Resolution 3: Early funding of teachers pay raises. Whatever the legislative decision, make it early and get on with the other business of state. Early funding should avoid the stormy seas of teachers strikes and marches on the capitol. And, while you're at it, throw in early funding of public kindergartens. Let's get that out of the way early also.

Resolution 4: Approve governor succession. Governor succession requires a constitutional amendment. This can be a good test case for other

needed constitutional change. Let's get this issue out of the way now, before the Governor's Constitutional Commission offers its long list of recommendations.

Resolution 5: Let's be honest about county government. Mississippians are fed up with wasteful, inefficient government and deserve better. Let's adopt county unit and get on with the job of improving use of tax dollars at the local level.

If these resolutions are adopted—and implemented—we'll all have a happier new year.

## Lung Disease: The Facts in 1985

Lung diseases are the third most common causes of death in the United States today, says the Mississippi Lung Association, the Christmas Seal People.

About 30 percent of the American public — 86 million men, women and children — suffer from some form of chronic respiratory illness.

Besides the cost in human suffer-

ing, the direct economic cost of lung disease to the nation is expected to reach a staggering \$30 billion in 1985.

Lung cancer remains this country's most deadly form of cancer. It is a frightening fact that the incidence of lung cancer in American women has risen 500 percent in the last 20 years.

The disease is already the leading cancer killer among men and the U.S. Surgeon General expects that lung cancer will soon surpass breast cancer as the foremost cancer killer of American women. And only 10 percent of lung cancer patients live five or more years after diagnosis.

According to the Mississippi Lung Association, much of the premature death and disability caused by lung disease is unnecessary and can be prevented.

Cigarette smoking causes 80 to 90 percent of deaths from chronic obstructive pulmonary diseases such as emphysema and chronic bronchitis.

Other lung diseases — including respiratory distress syndrome (RDS) in infants and acute respiratory distress syndrome (ARDS) in adults — are still not fully understood and require additional research to find improved means of prevention and treatment.

Among the statistics cited by the Christmas Seal People regarding

lung disease in America today are the following:

\* Nearly 18 million Americans suffer from chronic obstructive pulmonary diseases (COPD), that affect the lower respiratory tract. Of these, there are 7.9 million with asthma (2.4 million of whom are children), 7.7 million with bronchitis, 2.3 million with emphysema. Deaths attributed to COPD have increased 25 percent since 1970. Asthma, the most common chronic disease of childhood, is also the major cause of school absenteeism, responsible for the loss of 8 million school days annually.

\* Occupational lung diseases — such as byssinosis, which is caused by textile dust and which affects an estimated 35,000 Americans, and asbestosis and silicosis, which affect 100,000 workers — are the number one cause of work-related diseases and injury.

\* Chronic sinusitis, a condition of the upper respiratory tract, will afflict 27 million of our citizens in 1985. And hay fever, whose symptoms make the warm weather a miserable time of year for its sufferers, will affect 19 million Americans this year.

\* Pneumonia is the leading cause of death by infectious disease in the U.S. It is particularly dangerous to those over age 65 and those with

Non-drinkers at risk  
during holidays

Christmas and New Year's are holiday periods when traditional non-drinkers sometimes drink alcoholic beverages and Highway Patrol officials say this can be deadly.

"Mental health experts tell us that the alcohol tolerance level of a non-drinker is similar to that of an alcoholic in the later stages of alcoholism," Commissioner of Public Safety James L. Roberts Jr. said.

"They say that intoxication happens sooner and is more intense than what is experienced by a routine drinker."

"Our troopers see the aftermath of what happens to the non-drinker and alcoholic who chooses to drink and drive. They see the results in the debris of wrecked automobiles and in morgues and wheelchairs," Roberts said.

Fourteen people were killed in automobile crashes in Mississippi during the Christmas holiday period last year, which tied with Thanksgiving as the deadliest holiday period in 1984.

One highway death occurred during the 1985 New Year's observance.

"This is the season of spending time with the folks we love the most, but friends don't let friends drive drunk."

"Consuming too much alcohol is deadly because alcohol affects parts of the brain that control judgment, reaction time and coordination, all of which are essential skills for driving responsibly," Commissioner Roberts said.

Troopers of the Mississippi Highway Patrol made 325 DUI arrests during the 102-hour Christmas holiday period in 1985.

"Because a drinking driver is deadly, the least he can lose is his license."

"Being convicted of Driving Under the Influence (DUI) of drugs or alcohol in Mississippi is expensive. It adds up to hundreds of dollars in fines, fees, assessments, treatment costs, legal bills and higher insurance rates, not to mention the loss of the privilege to drive," Roberts said.

The 30-hour Christmas holiday begins at 6 p.m. Tuesday, Dec. 24, and ends midnight Wednesday, Dec. 25.

The 54-hour New Year's holiday begins at 6 p.m. Monday, Dec. 30, 1985, and ends midnight Wednesday, Jan. 1, 1986.

"It is important for the public to realize that it is not the drinking that is our main concern, only the combination of it with driving. Together they spell fatal injury," Roberts said.

He said the Mississippi Highway Patrol is issuing the following suggestions to party hosts "to prevent guests from becoming intoxicated:

1. Provide non-alcoholic beverages and a variety of food throughout a party. There are many

recipes for non-alcoholic drinks and punches contained in books at a bookstore or library.

2. Serve foods containing protein and starch as they delay absorption of alcohol. Examples are anything with cheese, meats or seafood, raw vegetables with dip, breads and pizza. Minimize salty, greasy and sweet foods because they increase thirst.

3. Plan activities so that drinking doesn't become the focus of the gathering.

4. Hosts should avoid providing an open bar and should mix drinks themselves with one-ounce portions of liquor. Limit mixing with carbonated beverages because the bubbles increase absorption.

5. Don't replenish guests' drinks just because they are empty; stop serving early in the evening.

If all these suggestions fail, the intoxicated guests should be detained. Hosts should:

1. Know the signs — sleepy, giddy, talkative, or uncoordinated guests are under the influence.

2. Invite guests to sleep over, even if it means on the floor.

3. Arrange rides in cabs or with other non-drinking people for guests who are not sober.

4. Collect guests' keys when they first arrive, explaining that it is simply because you care about their well-being.

5. Drive the drinker and his car to his home and arrange to be picked up.

6. If you have friends who consistently over-drink, advise them to make arrangements ahead of time to get home, since you have no intentions of letting them drive.

Party guests should:

1. Ask someone in the group to be the "designated driver" for the evening. This system relies on one person remaining sober during the party and driving for his friends.

2. Before starting to drink, let the host know you want to be detained if you drink too much.

3. Call relatives, friends or a cab to take you home if you've been drinking. Some cities or taxi companies in Mississippi have a special project especially for this purpose.

4. Don't drink if you are taking prescription or over-the-counter medications.

5. Try to detect impairment in your own driving skills; for example, if you are bumping into furniture, spilling your drink, unable to sit up straight in your chair, and feel as though you are floating, realize that driving is beyond your capabilities as well.

6. Remember that alcohol takes much longer to get out of your system than it does to get in. It usually takes from four to six hours for the body to completely process one alcoholic drink. Only time sobers. Not fresh air. Not cold showers and not coffee.

7. Never ride with someone you think is under the influence, even if you ride to the party with him.

8. Always drive defensively. This means wearing a safety belt and being extra cautious late at night when it is harder to see and more irresponsible drivers are on the streets and highways.

WHO'S DRIVING  
HOME?

Alas, the party's over. The music is playing softly in the background, friends are saying good night and the clean up detail is beginning. But for Brian, Jennifer, Tracey and Rick, who added drinking to their evening, a decision has to be made.

Approximately 46 teenagers will be killed this year in Mississippi by drinking and driving or riding with someone who does. It's your choice.

### CHRISTMAS PARTY

Bay St. Louis American Legion and Auxiliary of Post No. 139 really outdid themselves providing a super Christmas dinner for over 350 senior citizens. The hall was full! Thanks from all of us.

Who knew Mayor Vic Frankiewicz was such a talented entertainer? He and his helpers really livened up the party with songs and music. Giving every table one of the 12 days of Christmas designation was lots of fun. Thanks Mayor!

Bay High Chorus with Mrs. Flowers made us know we would be leaving Bay St. Louis in good hands if these young talented students continued as they are now. It was so good of them to perform for us.

The doctors Koskans' Christmas present to the seniors were the delicious cakes we had for dessert. We even had enough to send two cakes to the Hotel Reed Nursing Center from them. Thanks for helping make the party festive.

We have so many people to thank for all of the extras provided. Faheys Funeral Home provided Santa, Riemanns Funeral Home provided each senior with a little box of candy, and then we had the regular contributors who provide gifts for all of our parties.

The Eatery, Danny's Fried Chicken, \$5 gifts from both American Legions, and the years subscription to the Sea Coast Echo. Peoples Federal and Security Savings always donate door prizes, cake, or drinks.

This year we had special donations from the quilting class and the counted cross-stitch class. Mrs. LeRoy's quilting class donated the beautiful quilt that was raffled and won by Mrs. Pauline Reid, who unbelievably won one of the beautiful counted cross-stitch clocks too! The funds provided by these three raffles goes back into supplies for the Center.

Our staff ceramic class members and teacher, Arlene Johnson, provided those darling table Santa

decorations which were also given as door prizes.

Many other prizes were given by persons who did not want to be identified, or were too numerous to mention. Thanks to all!

**GOOD-BYE THERESA, HELLO JO ANN**

We surely will miss Theresa James, RSVP Director, when she retires. This is her last week, but she has promised to volunteer. That is where she started in this program anyhow.

We look forward to working with Jo Ann Lagasse and know we will all be on our best behavior to get her started right. Coming from the family she comes from and married in to, we must have a winner!

### COMING EVENTS

The Bay St. Louis Senior Citizen Club would like to announce that they will be selling red bean and rice and sausage dinners at the Center January 6. The take-out dinner will include salad and french bread and will be sold from 10 - 2 p.m. at a donation of \$1.50 per plate. If you want to eat in the cafeteria you will be served from 12:30 - 1:30 p.m.

## ETV Brief

### MILITARY AND MEDIA

A panel of distinguished government and media figures each week discuss and debate a hypothetical scenario on "The Military and the News Media" at 8 p.m., Thursdays, beginning Jan. 2, on Mississippi ETV.

The programs were videotaped during a two-day gathering of military, media and legal experts in Princeton, N.J., in December 1984. The series commentator is Fred Friendly.

In the first program, the topic is the role of the press during a protracted military intervention. The case concerns the hypothetical Central American nation of El Dorado, where the United States has combat troops protecting a friendly right-wing government from leftist insurgents.

## Mississippi senator appointed observer to International Caribbean Advisory Commission

Senator Thad Cochran (R-Miss.) has been appointed an observer for the newly-created International Advisory Commission for the Caribbean Region.

He was appointed by Senate Majority Leader Robert Dole (R-Kansas) as one of two Senate observers for the Caribbean advisory panel.

The commission was authorized by the International Security and Development Cooperation Act of 1985 to work with nations in the Caribbean and other countries interested in its development and progress.

Purpose of the commission is to examine agricultural, social, educational and economic issues which affect the region, and consult with

leaders of Caribbean nations and other public and private organizations to evaluate the needs and problems of the region.

"Because of the proximity of the Caribbean to Gulf Coast states such as Mississippi and its importance to the economic and security interests of the Western Hemisphere, I am pleased to serve in this capacity," Senator Cochran commented.

The legislation provides for the President to appoint the U.S. representative to the Caribbean commission, with the Senate Majority Leader and Speaker of the House each appointing two members, one from each major party. Senator Dole announced his appointment of Senator Cochran on Wednesday afternoon, Dec. 18.

## Jobless rate higher in November 1985; lower than last year

Mississippi's unemployment rate rose to 9.5 percent in November, compared to October's revised jobless rate of 9.4 percent, according to Mississippi Employment Security Commission Executive Director Cohen Robertson. Last year's November unemployment rate was 10.2 percent.

The 9.5 percent unemployment rate for the state was higher than the 6.7 percent national rate for November. MESC figures showed 106,800 unemployed and 1,019,400 employed out of a civilian labor force of 1,126,200. The initial unemployment insurance claims totalled 16,060 in November.

Twenty-eight of the state's 82 counties had unemployment rates of 10.0 percent or higher in November.

The counties having the highest unemployment rates in November were Montgomery, 17 percent, Green, 16.3 percent; and Wilkinson 15.8 percent.

Lafayette, Rankin, Pontotoc and DeSoto counties had the lowest jobless rates in November. Lafayette, 5.3 percent; Rankin 5.3 percent; Pontotoc 6 percent and DeSoto, 6.1 percent.

Forty-four counties showed an increase in their unemployment rates from October to November, while twenty-eight reported decreases. The unemployment rate in ten counties remained the same.

NorthShore Regional Medical Center offers complete round-the-clock emergency medical services:

•The only ambulance service on the North Shore with 24-hour coverage by national registered paramedics, from the emergency site to the hospital. Registered paramedics are specialists in recognizing and responding to life-threatening crises.

•A highly skilled, caring emergency and trauma staff, backed by our medical staff of leading area physicians.

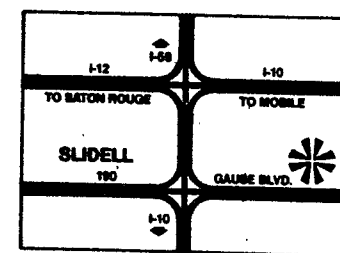

•State-of-the-art equipment in ambulances and the Emergency Room.

**Another advantage: tiered-pricing**

Tiered-pricing means that you pay only for the degree of care you require. Unlike most hospitals, NorthShore does not charge a flat fee for Emergency Room admissions. In other words,

a sore throat doesn't cost you as much as a serious fracture.

For yourself and your loved ones, remember NorthShore's 24-Hour Emergency Care Ambulance Service: 646-5050. Outside Louisiana, call toll-free: 1-800-344-6695.

1 mile south of the I-10, I-12 and I-55 intersection. Adjacent to the Gauss Blvd. (190) exit, east of I-10.

## Bay Junior High Tigers win

The week before the Christmas break, the Bay Junior High Ninth Grade Tiger basketball squad defeated East Central 69-35 and Long Beach 72-34.

The two wins raised the Tiger record to 7 wins and 3 losses.

In the East Central contest, the 69 points were the most scored by the Tigers in recent years.

"All of the boys on the team played well, both offensively and defensively," said Coach Gary Blaize.

Micah Necaice led the Tigers in scoring with 23 points.

Bennie Tillman and Freddie Necaice scored 14 points and 12 points respectively.

Cedric Walker had a good game by grabbing a team-leading 12 rebounds, while Heath Hopgood played an exceptional floor game from his point guard position.

After scoring 69 points against East Central, the Tigers came back to score 72 points against Long Beach.

"Once again the Tigers played a great all around ball game," Blaize said.

Micah Necaice and Bennie Tillman led the Tigers, each scoring 19 points.

Freddie Necaice and Heath Hopgood contributed 10 points and eight points respectively.

Walker again led the Tigers with 14 rebounds.

"The boys are really coming together as a unit. All of the boys are

## Former Pass Pirate named All-American

Mississippi College Choctaw defensive tackle Earl Conway of Pass Christian has been named to the first team defensive unit of the Kodak All-American College Division I team selected by the American Football Coaches Association (AFCA).

The division includes players from NCAA Division II and NAIA Division I.

Conway, a 6-4, 272-pound senior who helped lead the Choctaws to a fine 7-2-1 record this past season, was labeled by 'Sports Illustrated' in their pre-season preview as "perhaps the best defensive lineman in Division II football."

He was named the Gulf South Conference's "Defensive Player of the Year" in 1984 and is a two-time All-GSC selection.

He was also selected to the 'Football News' and Sports Information Directors All-American teams in 1984 and made the academic All-GSC squad as a pre-med major.

Conway led the Choctaws in tackles this past season, being credited with 41 solos and 42 assists for a total of 83.

Included in those were eight tackles for a loss, 11 pass sacks, plus two fumble recoveries and seven pass breakups.

He was selected "Defensive Player of the Week" in the GSC on two occasions in 1985, first in a 17-13 victory over North Alabama and again in a 28-7 win over Valdosta State.

He is the first Choc to ever be selected to participate in the Senior Bowl held in Mobile, Ala.

Conway becomes the sixth Choctaw to be selected for the first-team Kodak All-American squad.

Previous Choc winners were Ricky Herzog (1972), Calvin Howard (1979), Elbert Lyles (1980), Major Everett (1982) and Wayne Frazier (1983).

Conway has been scouted all season by various professional teams and is expected to be a high draft selection in the upcoming NFL draft.

"He is one of the top football players I have ever been associated with," said Choc Head Coach John Williams, "and because he has the intelligence to go along with his natural ability, I look for him to go high in the draft."

## ETV Brief

### LINCOLN CENTER LIVE

Luciano Pavarotti stars in a three-hour "Live from Lincoln Center" concert at 8 p.m., Monday, Jan. 6, on Mississippi ETV and Public Radio in Mississippi (PRM).

"Pavarotti Plus!" will feature Pavarotti's invited guests: sopranos Kathleen Battle, Susan Dunn, Mary Jane Johnson and Carol Vaness; mezzo-soprano Delores Ziegler; tenor Jerry Hadley; baritone Simon Estes and Alan Titus; and bass James Morris. Pavarotti and his guests will perform selections from more than a dozen operas.

The concert will be simulcast on ETV and PRM; listeners and viewers at home should tune their TVs to ETV and turn the sound down, and tune their radios to PRM and turn the sound up.

very unselfish players who really work well together," the coach continued.

"Lack of experience was really a problem in the beginning of the year because four of our five starters are eighth graders with Freddie Necaice being the lone ninth grader."

Key performers of the bench include Chris Gibson, Alvin Dedeaux, Ricky Whavers, Alexander Oliva, Jason Mayfield, Mark Fayard, and Will Seymour. These boys have really given a good effort all year," Blaize reported.

"The Tigers are really looking forward to the second half of the season beginning at home with St. Stanislaus' undefeated Eighth Grade on January 9.

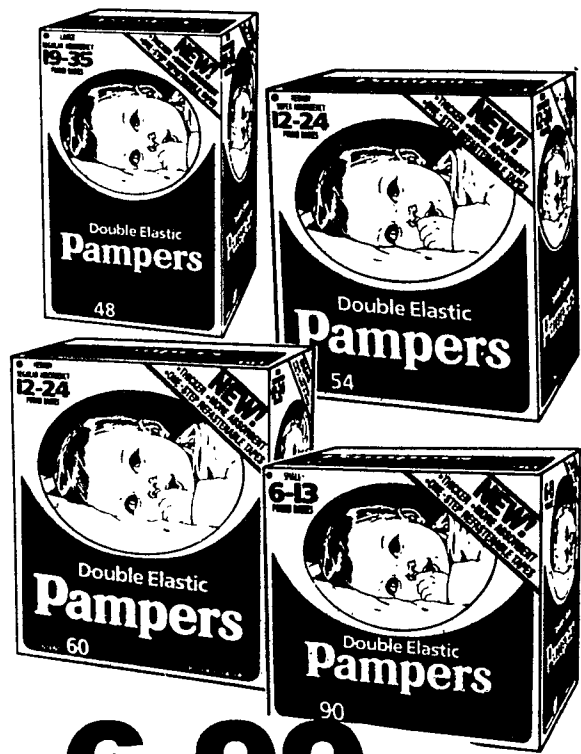

The Eighth Grade Junior High team with a 6 and 1 record will play St. Stanislaus' undefeated Eighth Grade on Jan. 9 at 6 p.m.

The business meeting was dispensed with, with the exception of an announcement by the president, Ms. Jean Keen, reminding the members of the notepaper and 1986 Visions of Beauty Calendars that had been brought by the Ways and Means chairman.

A letter of appreciation was presented to Mrs. Dixie Ogden for so graciously offering her home and grounds for the workshops that had been held in November.

Members brought gifts for the ladies and men at Reed Nursing Home, which were taken to the Home for distribution after the party.

The next meeting of the club will be January 15 at the Diamondhead Community Center, and is titled "Waters Around Our Place." The speaker is Chris Snyder, Wildlife Biologist.

### BACKACHE

Research studies reveal certain clues which are signs of impending back problems. 1. carrying your head to one side. 2. a low shoulder. 3. a tilted hip. 4. pain at the base of your head or in the hips all indicate signals of developing spinal problems. These are clues that the bone framework of the spine is being twisted out of shape, leading first to a weak spine, leading more serious complications. Weak spines are subject to serious spinal displacements which can pinch nerves and lead to internal damage. Chiropractic care enjoys a wide reputation in the correction of spinal structural problems. If your back aches, call your doctor of Chiropractic and prevent serious complications.

## A New Day Dawns

By Joe Pilet

Another miracle has happened!  
I stand in my Green Room  
And look out the East window  
This early December morning.

I thrill in anticipation  
Of another awesome sunrise  
Peace and joy I find  
In early morning silence.

No bird sings. All is still  
Slowly the pre-dawn grey  
Rises and lets in light.  
Golden light with a bit or rose.

Leafless branches of tall trees  
Raise their arms in praise  
Nature gloriously acclaims  
The birth of a bright new day.
